She said she loved the man in the moon
Come tiddley wink some day
She told me that she'd marry him soon
Come tiddley wink some day
If she marries the man in the moon
And spoons both night and day
Well tiddley wink, come tiddley wink
Come tiddley wink some day

Oh my girl she is lots of fun
Come tiddley wink some day
She likes to flirt with more than one
Come tiddley wink some day
If she flirts with more than one
Well all that I can say,
Is tiddley wink, come tiddley wink
Come tiddley wink some day
