A Oh you friends have heard the story of the old Ni-a-gara Falls and the old Ni-a-gara moon high up a-

7 A In it's spar-kle you can no-tice all the lov-ers and their loves and you hear the rol-ling

14 B7 E E7 A keep shin-ing sp bright Ni - a - gara

21 Moon We on - ly see by your light So shine btight-ly as we sing this lit - tle tune

28 It's our ded - i - ca - tion to Ni - a - gara moon.

You can see the moonlight sparkle on the water far below  
You can see it lead the river on its way  
You can see the bright lights glimmer when the cars pass high above  
You can see the moonlight turn the night to day

Niagara moon - keep shining so bright, Niagara moon - on the waters at night  
Even lovers often use your light to spoon  
So be fair to them you old Niagara moon

Some people often say there is no difference in a moon  
That it shines so bright wherever you may go  
But for me it's old Niagara on the old Niagara Falls  
On a summer's night in August or in June

Niagara moon - you were made by God above, Niagara moon - you are showing us his love  
So shine brightly as we sing this little tune  
It's our dedication to Niagara moon.
